Our Guarantee

Qualified companies may evaluate SpinSite Enterprise Server for a full 45 days risk-free. Order SpinSite Enterprise Server by purchase order (net 45) or by credit card and we'll ship your choice of system right away. Your evaluation period starts on the day you receive it. You may return SpinSite Enterprise Server within the 45-day period and not be billed, or you may receive an immediate and full refund (if you have already paid by credit card). Your IT department will be provided with complementary support during the first 30 days. Put the power of SpinSite Enterprise Server to work for you today.

Annual Support

Annual support includes standard feature and product upgrades as they become available. Annual support fees are based on the number of employees with access to the intranet websites, usually all company employees. Annual support includes telephone support during our normal business hours (9AM to 5PM Pacific Standard Time, Monday through Friday) as well as constant e-mail support with a fast response time.

Optional Personalization

Prior to delivery, each SpinSite Enterprise Server can be fully customized by the SpinSite design team so that your server is immediately ready for content addition. First, we will create a default theme that emulates the look and feel of your established corporate presence, and seek your approval prior to implementation. Then, once the design has been approved, all internal websites will inherit this custom framework from the SpinSite Enterprise Server, ensuring that all internal webpages are consistent throughout your corporation. The fee for this service is based upon standardized SpinSite™ formats and color schemes.

Order SpinSite Enterprise Server Today
